TT-TREX

Motorized monitor trolley

Product description

The TT-TREX is designed for screens up to 86 inches, offering a wide viewing area for presentations and immersive visual experiences—ideal for meeting and conference rooms, exhibition spaces and showrooms, classrooms and educational environments, corporate settings and offices, production and post-production studios. Equipped with an advanced electric lift and lowering system, it allows precise monitor height adjustment at the press of a button. This feature provides optimal flexibility and comfort to adapt to different viewing needs and user heights. Built with high-quality materials, the trolley ensures reliable stability for large monitors. Its sturdy structure and elegant design integrate seamlessly into any professional or educational environment.

Features

- ❏ **Dimensions:** Compatible with monitors up to 86".
- ❏ **Electric Lift:** Raises/lowers the monitor with precision.
- ❏ **Robust and Mobile:** Stable structure with wheels for easy movement.
- ❏ **Integrated Cable Management:** Keeps the area clean and organized.
- ❏ **Easy Installation:** Intuitive assembly and simple maintenance.

Technical specifications

Monitor size	86”
